

WE'VE GOT YOU COVERED

We've Overhauled Our Labor Claim Warranty

You know, if we could, we'd hand you the wrench and hold the flashlight...

But since we aren't right there under the hood with you, we did the next best thing and gave our labor claim warranty a major tune-up. We know time is money in your shop. So is peace of mind.

We believe in our parts and your workmanship. That's why we're now standing behind both with 100% labor claim warranty for up to (1) one year.

Whether you're dropping the fuel tank to replace a fuel filter or swapping out a starter that won't spin, take comfort in the fact that Pep Express now covers both parts AND labor for up to a year, no questions asked* -- just another reason to trust Pep Express.

**Conditions and exclusions may apply. See your account manager for complete details.*
